

Better Together

ADVENTURE
CANADA

For the past thirty years, Adventure Canada has worked to form strong partnerships with like-minded organizations in order to further the knowledge, community infrastructure, and cultural development in the regions that we visit. Here are some of the organizations we sail with and are proud to call friends. We look forward to sharing their work with you.

Better Together

For over thirty years, Adventure Canada has worked to form strong partnerships with like-minded organizations in order to further the knowledge, community infrastructure, and cultural development in the regions that we visit.

Parks
Canada

Parcs
Canada

Adventure Canada is proud to partner with Parks Canada to embark on unprecedented voyages of discovery to

some of the nation's most remote national parks. Our partnership is guided by a mutual respect and reverence for our nation's wild places and dedicated to shaping responsible travel practices for Canada's national parks system. Together, we aim to educate and inspire our travellers about our country's national treasures and establish precedent for future visitors' conduct.

The Quebec-Labrador Foundation/Atlantic Center for the Environment (QLF) is a Registered Charity in

Canada and not-for-profit Organization in the U.S. with offices in Montréal, Québec, and Ipswich, Massachusetts. QLF exists to promote global leadership development, to support the rural communities and environment of eastern Canada and New England, and to create models for stewardship of natural resources and cultural heritage that can be shared worldwide.

Travellers aboard Ocean Endeavour expeditions will be able to use precision, professional-quality photography equipment courtesy of the onboard Nikon Camera Trial Program. Together, we empower our passengers to create

truly dynamic images and tell vibrant stories. Select Adventure Canada expeditions feature Nikon Canada Ambassadors, some of the most talented and influential visual artists working in the business today—gifted, spirited storytellers who go above and beyond, admired for their passion, energy, and commitment to their craft. What could be better than learning from the best, in the best environments, while using the best equipment?

Slow Food USA

Slow Food in Canada

Adventure Canada partners with Slow Food to bring together clever ways to appreciate customs, respect ecological and social boundaries and support local economies. Slow Food is a global grassroots organization that envisions a world in which all people can access and enjoy food that is good for them, good for those who grow it and good for the planet. Slow Food involves over a million activists, chefs, experts, youth, farmers, fishers, and academics in over 160 countries.

"The Walrus Foundation—publishers of The Walrus magazine—has a long-standing partnership with Adventure Canada that helps us present award-winning Canadian journalism about some of Canada's most environmentally and culturally important regions, while also helping to fuel a vital conversation about

the role of Canadians in the natural world."

—Shelley Ambrose

Executive Director of The Walrus Foundation

The Explorers Club is an international multidisciplinary professional

society dedicated to the advancement of field research and the preservation of exploratory instinct. Adventure Canada is proud to be the Explorers Club's exclusive polar provider and delighted to welcome notable explorers aboard each of our expeditions.

The Young Explorers Program encourages and facilitates the spirit of exploration through the pursuit of science, art, and conservation. The program aims to encourage personal growth for young people who will benefit from direct experience, academic study, cultural exchange, and connecting with the Adventure Canada and Explorers Club community.

DISCOVERY FUND

Giving Back

Project North delivers sporting equipment to northern communities

Adventure Canada has always focused on giving back. We believe sustainable travel is part of securing a healthy economic outlook for many of the communities and regions we visit—but we also know we can do more. That's why we established our Discovery Fund, through which every passenger becomes a contributing investor in these outcomes with every trip.

With our extensive connections and deep relationships, we are able to identify and contribute to a wide variety of

causes every year, from supporting charitable partners to providing emergency “on the ground” funding.

Adventure Canada also provides non-monetary resources, such as cargo space on our planes and ships to organizations like Project North, which brings sports equipment to youth in the Arctic, and Students on Ice, which provides youth from the north & south opportunities to travel together in the polar regions.

IN RECENT YEARS WE HAVE BEEN ACTIVE SUPPORTERS OF THE FOLLOWING KEY ORGANIZATIONS:

THE
WALRUS

Groundswell
Network Society

STUDENTS ON ICE
FOUNDATION • FONDATION

Inuit Art
FOUNDATION

ARCTIC RETURN
1854
2019
