

Aboard the Ocean Albatros

Launched in 2023, the ***Ocean Albatros*** is a purpose-built expedition vessel designed for small-ship exploration. A sister ship to the *Ocean Victory*, it blends comfort, capability, and environmental responsibility—offering a refined, contemporary platform for immersive journeys into remote and remarkable regions.

Highlights

- Purpose-built expedition vessel with capacity for 175 passengers
 - All cabins feature ocean views; most include private balconies
 - X-BOW® design for enhanced comfort and fuel efficiency at sea
 - Energy-efficient systems and sustainability-focused operations

Journey with the Ocean Albatros

Life On Board

Life aboard the *Ocean Albatros* is shaped by a strong sense of community and shared discovery. Thoughtfully designed social spaces encourage conversation and reflection, while expansive windows frame ever-changing seascapes. With a high staff-to-guest ratio, travellers spend meaningful time with the expedition team whose perspectives add depth and context to every landing and conversation. Shared meals, engaging talks, and quiet moments on deck foster a deep sense of connection to place, to one another, and to the journey itself.

Welcoming public spaces—including panoramic decks, a bright lecture lounge, a quiet library, and open-air gathering areas—encourage both social connection and personal reflection. Cabins are designed for comfort and calm, with ninety-three ocean-view accommodations, many with balconies, as well as single-occupancy options and a roommate match program. Wi-Fi is available throughout the ship, supporting connection while remaining grounded in the experience at hand.

Food On Board

Dining aboard the *Ocean Albatros* reflects Adventure Canada's belief that meals are an extension of the journey itself. Guests gather in inviting dining spaces to enjoy menus that balance international comfort with regional inspiration and a focus on responsibly sourced ingredients.

Complimentary wine, beer, and soft drinks are served with dinner, and relaxed social spaces offer opportunities to continue conversations long after plates are cleared—indoors or out on deck when conditions allow.

From Ship to Shore

Designed with expedition logistics in mind, the *Ocean Albatros* makes transitions between ship and shore seamless. A spacious mud room keeps gear organized, while a fleet of sturdy Zodiacs enables efficient access to beaches, rocky coastlines, and wildlife-rich waters. These landings form the heart of the experience, bringing guests face-to-face with landscapes and communities encountered along the way.

With Polar Code 6 and Ice Class 1A certification, the *Ocean Albatros* is equipped to navigate ice-prone waters confidently, expanding the range of environments we can explore responsibly and safely.

Responsible Exploration Aboard the *Ocean Albatros*

The *Ocean Albatros* represents a continued step forward in Adventure Canada's commitment to more responsible travel. Its hybrid propulsion system, advanced waste management, and energy-efficient technologies reduce fuel consumption and emissions while supporting smooth, quiet operations.

Sustainability extends beyond engineering into daily life on board—from food service choices to hotel operations—reflecting an integrated approach to environmental care. The *Ocean Albatros* helps chart a thoughtful course toward a more sustainable future for expedition travel.

Facilities

Restaurant

Warm soups, fresh salads, and nightly entrée selections are followed by house-made desserts, with beverage options that include wine, beer, and non-alcoholic choices.

Bistro Restaurant

Enjoy meals accompanied by sweeping views, where carefully crafted menus and ever-changing scenery come together at the top of the ship.

BBQ Deck

When conditions allow, gather on deck for a relaxed barbecue meal—an atmospheric way to savour good food in remarkable surroundings.

Lecture Room

A central hub for learning and storytelling, this welcoming space hosts presentations, performances, and conversations led by expedition team members and special guests.

Bar Lounge

The Bar Lounge is a warm, wood-toned gathering space where clean Scandinavian design, soft lighting, and wide windows invite quiet reflection, shared stories, and a drink in hand as the polar landscape drifts by.

Spa

Treatments and quiet moments designed to ease tired muscles and support well-being while surrounded by the rhythms of the sea.

Pool Deck, Jacuzzis & Bar

The Pool Deck is a place to pause and take in the wider world. Outdoor jacuzzis offer warmth against open air and expansive views, while the nearby bar invites informal conversation and shared reflection. It's a relaxed gathering space shaped by horizon, weather, and passing ice.

Fitness Room

The Fitness Room offers a quiet space to move and reset between days ashore. Equipped with cardio machines and weights, it supports flexible routines rather

than strict schedules. Large windows keep the surrounding landscape present, allowing movement, recovery, and awareness to exist side by side.

Library

The ship's library is a calm space for curiosity and reflection. A thoughtful collection of natural history, expedition accounts, reference works, and fiction offers multiple ways to deepen understanding. Comfortable seating and wide windows encourage reading, thinking, and following questions sparked by the places we visit.

Observation Lounge

The Observation Lounge is a shared lookout and social hub, framed by floor-to-ceiling windows. It's a place to watch for wildlife, track changing light, and exchange stories over coffee or a drink. Binoculars close at hand, the landscape often leads the conversation.

Mud Room

The Mud Room is a functional, well-organized space where shore excursions begin and end. Located on Deck 3, it provides storage for boots and outer layers and supports smooth Zodiac operations. Designed for efficiency and shared use, it helps ensure calm, prepared transitions ashore.
